Dear Parents/Carers

This week

Students were delighted to be back at SHINE.

In science the children were creating leaf fact files, they were looking at its appearance, its shape and whether they were compound or simple leaves. They also made leaf monsters.

As usual in literacy the children started off with a spelling test. Then the students were about local author Francesca Simon the creator of the Horrid Henry series. They then did some comprehension work and wrote a short story after. In numeracy students were adding and subtracting time with some children learning how to tell the time on a digital and analogue clock.
