

# Pakeman Primary School's Sports Report 2018/19

## What is the Sports Premium?

The government is providing funding for the academic year 2018/2019 to provide substantial resources for primary school sport. The funding is being jointly provided by the Departments for Education, Health, and Culture, Media and Sport, with the money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. Schools must spend the sports funding on improving their provision of PE and sport, but have the freedom to choose how they do this.

## Primary PE Sports Grant Awarded

|                       |  |
|-----------------------|--|
| Total grant received: | £7754 in June<br>£10792 in October<br>TOTAL £18546 |
|-----------------------|--|

## Objective of Primary Sports Grant

At Pakeman we are strongly committed to PE. This is evident in the wide range of activities in and out of school that we offer, including being involved in competitive sports. We have a number of specialist staff who support us in delivering high quality provision. We recognise the importance of PE to the health and well-being of our children and the impact that the PE curriculum and extracurricular activities can have on the attitudes, confidence and academic achievement of all children.

## We are using our sports grant to:

- Promote physical activity, fitness and movement in play outside: OPAL play
- Employ a play specialist to coordinate and lead quality play, physical activity and training of play workers. The play lead is a role model of physical fun and fitness through play, which encourages the children to be active.
- Purchase of play equipment to encourage physical activity: space hoppers, trolleys, bikes, large construction, table tennis equipment
- Increase the participation of all children in a range of sports (other than football): tennis and ball games
- Increase the participation of girls and less confident boys in physical activity: dance clubs

## Record of Sports Grant Spending 2018/19

| <u>Item / Project:</u>   | <u>Cost:</u>                              | <u>Objectives:</u>  | <u>Outcomes:</u>  |
|--|---|---|---|
| Promoting physical activity, fitness and movement in play outside: OPAL play                         | £4250                                     | To increase the fitness levels of all children from Reception to Year 6 through maximum physical activity and maximising the amount of time they are in the playground                  | All children are taking part in high quality play and increased physical activity is observed in the playground at playtimes and lunchtimes |
| Employ a play specialist to coordinate and lead quality play, physical activity and training of play | £15583.80 (60% of PE/play specialist pay) | To raise the profile of play and physical activity through play<br><br>To provide training for all staff in play work and the importance of movement, play and transport in the outside | High quality play is organised and structured. All staff have been trained as play workers. All staff and children have taken part in high  |
