Issue 11 Summer Term
Friday 16th July 2021

Thank You

It has been such an extraordinary year for everyone this year and it is important to acknowledge the huge effort everyone has made at Pakeman. Our staff and governors have worked incredibly hard, together with our parents and carers, to ensure that all our children have been kept safe, continued to learn and have had fun. Staff have been wonderful in the way they have still managed to organise some lovely and memorable events for the children.

Despite the challenges presented by the restrictions, our children have continued to work hard and succeed. Learning at home, without the usual classroom resources and regular communication with friends has been difficult for our children. But they did it and we are so proud of their perseverance and achievements. In terms of navigating ourselves through the new world of Remote Learning and Zoom, we have all succeeded in a remarkable way.

As the year draws to a close, we are sad to say goodbye to our year 2 teacher, Stevie Barrow. We would like to thank Stevie for her work with Green Class this year and wish her well in her future career.

This will be the last newsletter this term, so we take this opportunity to thank you for your support and to wish everyone in our Pakeman community a very happy, restful and safe summer. Our newsletter this week hopefully highlights some of the many things on offer across the borough throughout the holiday period. Let's hope the sun shines and the virus lies low. We want our families to have the opportunity they deserve - which is to get out and about safely and enjoy some of these wonderful facilities, should they wish to.

Webinar for Parents and Carers

Islington Council is hosting a webinar for parents and carers – **How to keep Young People Safe Online and in the Community**. This webinar is relevant for parents and carers living in Camden or Islington who look after a young person aged between 11 - 18 years.

The webinar will take place online over two sessions:

Date: Tuesday 3rd August and Thursday 5 August

Time: 6 – 8PM

You will be guided through these topics:

- Peer groups and gangs
- Grooming and exploitation/county lines
- Social media and empowerment

Parents can learn how to be more aware of the difficulties and dangers their children face and learn some tools and techniques to help young people stay out of trouble and cope with the difficulties they encounter.

Each session takes two hours and is a dynamic and interactive workshop facilitated by Marcel Campbell who has a wealth of experience of working with young people across boroughs.

According to Islington's Youth and Community Service, this is particularly significant this summer as London has seen a surge in cases of Serious Youth Violence. Their aim is to protect all of our children, whilst recognising that those children from Black, Asian and Ethnic backgrounds have been overrepresented as victims.
