## Child Safety Week

Child Safety Week 2023 runs from Monday 5th to Sunday 11th June.

child accident  
prevention trust

The week is the Child Accident Prevention Trust's annual community education campaign. The aim is to help families build confidence and skills in managing the real risks to children's safety.

This year's theme is **Safety Made Simple**.

### Safety made simple

Accidents can often happen when there's a lot going on in a busy household. So accident prevention needs to be quick and simple.

The trust have put together a parent/ carer pack which is useful on how to make simple changes to avoid the most common accidents.

For this pack and other information please click on the link:

## SUPER STAR

Rizwana in reception (Crimson class) for outstanding pirate story writing.

## Brush For Better Health

This month, the Oral Health Foundation are raising awareness of important oral health issues with the theme: **Brush For Better Health**. Their aim is to shine a light on the importance of brushing our teeth. Despite the benefits of toothbrushing, many adults and children still do not consider it a priority. Please click on the links for some tips and songs for young children to help with ways to develop good tooth brushing habits.

### Did you know? ...

In the UK, around one-in-three people do not brush twice a day while one-in-four regularly skip brushing altogether.
